HVS Hosted Virtual Server

Qty	Art.-Nr.	Description	Price
	71855	HVS Server 2x 8TB HD, HW-RAID, 64 GB ECC RAM, Xeon HexaCore CPU, monthly	210,-
	71791	HVS Server 3x 1TB SSD, HW-RAID, 128 GB RAM, Intel Xeon OctaCore CPU, monthly	298,-
	71596	HVS Server 3x 2TB SSD, HW-RAID, Hotplug, 128 GB ECC RAM, 2x Intel Xeon PentaCore CPU, redundant power supply, monthly	595,-

All servers are dedicated physical servers with hardware-RAID configuration on demand, server grade multi-core CPU's, static IP addresses and a 1 Gbit/s network and internet connection. Servers are located in a professional ISO certified data center in Germany with air conditioning, uninterruptible power supply including emergency diesel aggregates, high security area and multi-redundant internet backbone connection. Server options and accessories on demand.

One time installation fee is **490,-** per HVS server which also includes configuration of the firewall according to your requirements (e.g. port forwarding, RDP access etc.) The monthly fee covers hardware support and platform maintenance support. You will get admin access to VMware, allowing you to upload installation DVDs and to install as many VMs as you like, limited only by HVS disk space and server memory. You do not need any Linux knowledge for operating and administrating a HVS environment. The rental fee is payable monthly in advance. Upon request we will also install, migrate and manage your virtual servers (Windows or Linux), Please inquire for maintenance agreements and prices.

Contract duration: **12 months**, The contract will automatically prolongate for another 12 month period unless canceled in writing at least **3 months** before expiration. All services are subject to the general terms and conditions of GEOTEK Datentechnik GmbH as published at www.geotek.de/agb. All prices are in Euro, German residents are subject to sales tax. Online Backup is available via separate order form.

I order the items checked above for the desired date: _____
